Formstack Submission For: CRIN Matchmaking support

Submitted at 05/31/21 10:28 AM

Name:	David Murray
Email:	dmurray@enertel.ai
Are you a member of CRIN?:	Yes
1. What type of organization are you looking to be matched with?:	Oil and gas producer
2. Please provide a brief description of your organization:	Data and Analytics platform for wholesale power markets including price forecasting, data-driven portfolio management, resource allocation. Enertel.carrd.co
3. Please provide a brief description of your proposed project:	Work with an O&G provider to identify highest-value investment areas for renewable resources in CAISO, ERCOT, NYISO, IESO or AESO
5. Which focus area(s) are you looking to address or collaborate on?:	Operational excellence and efficiency
6. Briefly describe what type of support you need from a producer partner (e.g. field test site, technical expertise, resources etc.):	Technical expertise, funding for preparing data for analysis (server costs, salary for cofounders), provide context for making investment decision in renewable generation assets.
7. Briefly describe the skills and services you are able to offer as a partner/collaborator :	Deep expertise in data management, analytics, artificial intelligence, database design for power markets. Broad set of data

	sources already scraped and ingested.
8. What test or research is required to most cost effectively reduce technical or economic uncertainty and/or prove important features/benefits of your technollogy?:	More data sets to procure, need more context from O&G executives about how they make their renewable asset procurement decisions.
9. Have you already connected with, pitched to, or been introduced to any oil land gas producer partners regarding this project?:	We've had informal discussions with some renewable power generation companies, and other active market participants.
10. Is there any additional information you would like to share to assist us in matchmaking?:	We're looking to work with Canadian companies active in ERCOT, CAISO, NYISO, PJM/MISO because that's where our data coverage is highest.
By registering my interest, I accept that the information submitted in this form will be used by the Clean Resource Innovation Network, and MaRS for the purpose of the CRIN Digital Oil and Gas Technology Competition, including the posting a project summary on the CRIN website for producers to view.:	Yes, I am interested in matchmaking support
