

Formstack Submission For: [CRIN Matchmaking support](#)

Submitted at 05/25/21 10:59 AM

Name:	Amit Bhargava
Email:	abhargava@enviroapps.ca
Are you a member of CRIN?:	Yes
1. What type of organization are you looking to be matched with?:	Oil and gas producer
2. Please provide a brief description of your organization:	Digital solution that replaces paper TDG Shipping documents, Waste Manifests and Water Use Reporting. We help industry ensure compliance, save costs and gather ESG data effortlessly! http://www.enviroapps.ca https://www.linkedin.com/company/enviroapps-ca
3. Please provide a brief description of your proposed project:	We are proposing a couple of projects : 1) Digital TDG Shipping documents and Waste Manifests with automation based on tank volumes, GPS tracking, QR Code and emissions data gathering from Trucks for ESG reporting; 2) Full life-cycle for optimum water sourcing, TDL applications and Water Act Compliance and reporting.
5. Which focus area(s) are you looking to address or collaborate on?:	Environmental monitoring Operational excellence and efficiency Health and safety
6. Briefly describe what type of support you need from a producer partner (e.g. field test site, technical expertise, resources etc.):	We would need feedback to help to define requirements that add value to the producer partner and helps them save costs; streamline and automate their current processes. We would also require access to data for integrating with our digital solution and personnel that would Pilot test in the field.

7. Briefly describe the skills and services you are able to offer as a partner/collaborator :

We offer a rare combination of experience and skills in the areas of Regulatory Compliance and ESG reporting, Emission Estimation and User-friendly Software development. We specialize in UI design and large scale databases.

8. What test or research is required to most cost effectively reduce technical or economic uncertainty and/or prove important features/benefits of your technology?:

Our ez2Track solution has been commercially available for more than 3 years for Waste Manifesting and more than 9 months for electronic TDG Shipping documents. We are looking to advance our cutting edge digital solution in partnership with producers, so that further automation can be built.

9. Have you already connected with, pitched to, or been introduced to any oil land gas producer partners regarding this project?:

No, we have not pitched the specific projects to any oil and gas producer partners yet.

10. Is there any additional information you would like to share to assist us in matchmaking?:

No additional information.

By registering my interest, I accept that the information submitted in this form will be used by the Clean Resource Innovation Network, and MaRS for the purpose of the CRIN Digital Oil and Gas Technology Competition, including the posting a project summary on the CRIN website for producers to view.:

Yes, I am interested in matchmaking support
